R. O. T. C. CAPTAIN

KENNETH CRIST DIRECTS LAST DRILL AND SURRENDERS UNIFORM TO GOVERNMENT

Rev. and Mrs. Clyde Monroe Crist whose son Kenneth is completing a high school course in Pasadena, knowing that his last meeting with the R. O. T. C. Company of which he is captain would take place Friday morning and that it would be Regimental Parade, made a special effort to be there and were in time to witness a pretty ceremony in which their son was surprised. He has proved a popular captain of Company G and the 85 men under him have made an excellent record. Just as the drill was about to begin one of the members of the company stepped forward and in a few very well-chosen words presented to Captain Crist a handsome solid gold seal ring bearing the initials R. K. C., the inside of the ring bearing the inscription "R. Kenneth Crist, Co. G" and the date. It was entirely unexpected by the young captain. The presentation speech was made by Private Fouche, who happens to be the only colored man in the company. He was selected as an act of beautiful courtesy and because he is a favorite with the men and has worked hard to make the company "go."

Kenneth received some fine words of commendation of his way of handling the men he has commanded and his parents think the experience has been educational and of great benefit to him. His uniform will be returned to the government and he will be graduated from Pasadena High next Friday. The coming year he will attend the University of California and eventually will take up the study of medicine and surgery.

HOME SEEKERS

SALE TO MRS. WALLACE OF CHICAGO ATTRACTS THREE FAMILIES OF RELATIVES

H. H. Chapman reports the sale of his fine place on the corner of Campbell and Dryden streets to Mrs. Wallace of Chicago; also that three families, all relatives of Mrs. Wallace who are now living in Hollywood, are very much in love with Glendale and are seeking locations here after inspecting all the well-known suburbs of Los Angeles and making up their minds that Glendale is their first choice. They have only one criticism, viz: "Why the weeds on the vacant lots?"

It will be of interest to them and others to know that the ordinance recently adopted by the Board of City Trustees providing for the removal of weeds from parkways and vacant lots by the city at the expense of the property owners by assessments levied against them, will become effective July 1st.

BAD AUTO MIX-UP

As O. G. Thompson of 719 East Colorado was coming out into the street from his driveway, heading west, he swerved to the right to avoid striking a passing machine and got squarely in the way of another, driven by a Los Angeles physician and moving west at high speed. The entangled cars slid 150 feet before they came to a stop and both were badly wrecked, Thompson's car suffering the most, according to the police report.

NEW MEMBERS

FIRST METHODIST CHURCH WELCOMES THOSE RECENTLY ENROLLED

New members who have been taken into the First Methodist Church to the number of 135 during the pastorate of Dr. Clyde Monroe Crist were guests of honor at a reception which took place in the banquet hall of the church which was beautifully decorated with asparagus fern and coreopsis. About 250 were present. A very nice program was given which included:

Vocal solo, Miss Isgrig.

Piano solo, Mrs. Randall.

Orchestral number.

Address of Welcome by Arthur Lindley, president of the Brotherhood.

Speech of Welcome by Mrs. Starkey, president of one of the sections of the Ladies' Aid.

Response on behalf of new members, Mr. Bachtel.

Informal talk by Dr. C. M. Crist.

A social hour followed during which punch and wafers were served by the hospitality committee of the Ladies' Aid, headed by Mrs. C. D. Lusby.

BENNER-FISH

FORMER GLENDALIAN, PIONEER IN BOY SCOUT MOVEMENT BECOMES BENEDICT

Of no little interest to their many friends in Glendale, was the announcement of the happy wedding last Thursday evening of Miss Clarice Fish, of Los Angeles, to Harold F. Benner, formerly of Glendale.

Mr. Benner was well known in Glendale, where he virtually "grew up," for his interest and enthusiasm in the Boy Scout Movement. It was through his efforts that the first troop of Boy Scouts to be organized in California, was started in Glendale.

Soon after leaving Glendale, Mr. Benner entered the Boy Scout Movement as a professional vocation and has been promoted to the position of Junior member of the Los Angeles Boy Scout Council, of which Arthur Letts is president.

The bride was formerly an art student at Polytechnic High School, in which study she has achieved no little success. She is young and talented and makes a charming bride.

FORTNIGHTLY BRIDGE CLUB

Its last meeting of the season was held by the Fortnightly Bridge Club Saturday night at the home of Mr. and Mrs. J. I. Wernette on North Louise street. The house was beautifully decorated with rare flowers from the garden of the hostess. Frances J. W. Henry entertained the company with a few Scotch songs during the evening and he and Mrs. Henry made high scores.

After play the guests gathered around the hospitable board of their host and hostess, which was centered with pink Maman Cochet roses and refreshments were served with an accompaniment of social chat. Members will not assemble again as a club until fall. Present were: Mr. and Mrs. R. A. Puffer, Mr. and Mrs. A. A. Barton, Mr. and Mrs. H. W. Howeth, Mr. and Mrs. Francis J. W. Henry, Mr. and Mrs. Frank Ayars, Mr. and Mrs. J. I. Wernette.

TEACHERS' PAY

HIGH SCHOOL BOARD OF TRUSTEES INCREASES SALARIES TEN TO TWELVE PER CENT

At the meeting of the High School Board of Trustees the salary schedule for the coming year was adopted. The pay of teachers was raised from 10 to 12½ per cent. Teachers have been notified of their re-appointment at the increased pay and have twenty days in which to advise the Board whether they accept the re-appointment. Some have received flattering offers from other districts and the Board will not know until about the first of July who will go and who will stay.

Another meeting of the Board is scheduled for this week to take up other matters, probably the question of calling another bond election.

SERGEANT RAY F. ENOS

The body of Sergeant Ray F. Enos of the Marine Corps, who lost his life in the war overseas, was brought back from France and interred in the national cemetery at Point Loma, San Diego, June 1st, with military honors. It was quite an impressive service and was attended by his sister and brother-in-law, Mr. and Mrs. R. L. Galvin, of this city. The mother of the dead soldier, Mrs. C. A. Enos, who left here in May, is now in Albany, N. Y. She is enjoying her visit but does not think the climate compares with California. She wrote that but for the friends she had gone so far to see, she would have been ready to turn around and come back the day after she got there.

RETURNS FROM EAST

Frank C. Ayars of 315 North Orange street returned Saturday night from a trip to the middle west during which he spent some time in Indianapolis and Chicago. Accompanying him was his mother, Mrs. G. Cunningham, who will now make her home in Glendale. She left here about a year ago expecting to locate in New York, but after a sojourn there decided she preferred California. Mr. Ayars found Indianapolis and Chicago fairly sizzling with heat and great crowds in both cities. He was very glad to get back to comfortable Southern California.

WEATHER FORECAST: Partly cloudy tonight and Tuesday.

REPUBLICAN STANDARD BEARERS

WARREN G. HARDING NOMINATED FOR PRESIDENT ON 10TH BALLOT; CALVIN COOLIDGE FOR VICE PRES.

WARREN G. HARDING

Warren G. Harding, the nominee for President, was born on a farm near Blooming Grove, Ohio, November 2, 1865. He attended the village schools till 16 years of age, then entered Ohio Central College at Iberia. At 17 he taught a district school. At odd times he worked in a printing office learning the trade from printer's devil up to compositor, linotyper and editor. In 1884 the family moved to Marion, where Dr. Harding, the father, purchased for young Warren G., the Star, a small weekly paper. It became a flourishing daily under his care and he still owns it. Mr. Harding served one term as Lieutenant Governor of Ohio. In 1914 he was elected U. S. Senator from the thirteenth district by more than 100,000 majority, running 73,000 ahead of his ticket. He is a member of the Committee on Foreign Relations. In 1891 he married Miss Florence Kling.

CALVIN R. COOLIDGE

The nominee for Vice President, Calvin R. Coolidge, was born on July 4, 1872, in Plymouth, Vermont. He was a graduate of Amherst College, and took up the practice of law in Northampton, Mass. His first office was city councilman of Northampton. Then he was elected Mayor, City Solicitor, Clerk of the Hampshire County Court, State Representative, State Senator, Lieutenant Governor and Governor. He sprang into national fame last year when he broke the policemen's strike in Boston with state troops and refused to consider reinstatement of any of the more than 1200 strikers after they had given up the fight.

THIRD PARTY ANNOUNCED

COMMITTEE OF FORTY-EIGHT SAYS IT WILL LAUNCH A PARTY TO BE HEADED BY LA FOLLETTE

(Special Service to Glendale Evening News)

CHICAGO, June 14.—Republican managers today were busy with plans to get the Harding-Coolidge campaign away to a lively start. The first move will be to flood the country with five million pictures of Harding and Coolidge.

Arrangements are under way for the formal notification of the candidates of their nomination.

Harding and Lodge are scheduled to confer soon on campaign plans.

The "Committee of Forty-eight" today announced that it would launch a third party July 10th. It was reported that La Follette would be its leader.

Candidates' headquarters here are practically deserted and look like wrecks.

"WETS" IN THE DEMOCRATIC PARTY

GOVERNOR EDWARDS WILL BE FIRST CANDIDATE AT SAN FRANCISCO CONVENTION

(Special Service to Glendale Evening News)

SAN FRANCISCO, June 14.—Democratic leaders among the early arrivals for the Democratic Convention are attempting to find a way to check the movement for an anti-prohibition plank in the platform. These leaders consider that the rule requiring a two-thirds majority to nominate is their most effective weapon.

It is understood here that Governor Edwards, the "wet" candidate, will be the first contender for the nomination to arrive here.

All the San Francisco papers are in favor of a "wet" platform and it is understood the "wets" will get plenty of local publicity. The "wets" are using the California Wine Growers' Association organization to put "pep" into the Edwards movement.

LONDON COMMENT ON NOMINATION

CHOICE OF HARDING GIVES SATISFACTION; HOOVER IS TO BE DEMOCRATS' BEST CARD

(Special Service to Glendale Evening News)

LONDON, June 14.—London newspapers, commenting on Senator Harding's nomination for the presidency, expressed the hope that he would pursue a middle course in international relations. There was an undercurrent of satisfaction at Johnson's defeat. The Times said:

"The Republican platform is very vague but its vagueness leaves plenty of scope for favorable interpretation by strong leaders."

The Mail said: "It remains to be seen whether the California firebrand, Senator Johnson, will accept defeat."

The Daily News declared: "Hoover will be the democrats' best card."

SAN DIEGO WINS CHAMPIONSHIP

SOUTHERN BALL PLAYERS DEFEAT ALAMEDA HIGH WITH SCORE OF 5 TO 3

SAN DIEGO, June 14.—The San Diego High School base ball team today holds the preparatory school championship of California, having defeated Alameda High School 5 to 3.

SURPRISE SHOWER

MISS MYRTLE OGIER GUEST OF HONOR AT PRETTY FUNCTION BY MR., MRS. DOREMUS

Last Saturday evening the home of Mr. and Mrs. Rodney Doremus at 333 West Elk Ave. was the scene of a pretty and unique shower for Miss Myrtle Ogier, who is soon to become the bride of Wallace Christy, a young business man of Glendale.

The house was beautifully decorated, a pink and green color scheme being carried out with flowers and ferns. Miss Ogier had been invited to spend the evening at the Ogier home and was very much surprised to find a crowd of friends waiting to shower her with presents. She was the recipient of many beautiful gifts which will be useful in her new home.

The evening was devoted to dancing and at 10:30 a dainty supper was served. Present were: Misses Myrtle Ogier, Mabel Dillon, Hazel Colton, Celine Louise Moniot, Ardelle and Naomi Taylor, Tessa Bott, Helen Rittiford, Katherine and Clarine Pogue, Viola Brown, Gertrude Catron, Daphne Isgrigg, Esther Flanders, Mr. and Mrs. Boyd McKinley, Mr. and Mrs. George Van Hazelen, Mr. and Mrs. Martin Sunkes, Mr. and Mrs. Rodney Doremus, Wallace Christy and Walter Ingram of Los Angeles.

LIGHTS AT LAST FOR GRAND VIEW

The Grand View district, which came into Glendale by an overwhelming vote early last year after Burbank had vainly wooed her for many, many months, at last has the electric service so long awaited. The wires were stretched last week and today it is expected that Chas. Ellsperman's residence, near the corner of Sixth street and Vine avenue, will be connected up and the house be illuminated in honor of the long-expected event. He has had the house wired and fixtures in for many weeks and now he and his good wife have their patience rewarded. The street lights cannot be put up until the hoods for the globes arrive. They have been ordered for several weeks.

BIRTHDAY LUNCHEON

Mrs. Arthur Dibbern of 208 West Lomita was hostess at a pretty luncheon one day last week given in celebration of the birthday of her sister, Mrs. Wilson, of Los Angeles. The table which was very pretty in all its appointments, was centered with Shasta daisies. A birthday cake embellished with lighted candles was a conspicuous feature of the feast and covers were laid for ten, the guests being: Mrs. Wilson and her son, Mrs. C. J. Dibbern, Mrs. W. L. Cox, Mrs. S. K. Doll, Mrs. McLeod, Mrs. Noggle, Mrs. Johnson, Miss Cooper and the hostess.

UNIVERSITY GIRLS

STANFORD WOMEN STUDENTS NOT EXTRAVAGANT, SAYS MRS. RICHARDSON

Mrs. Ella Richardson seriously protests against the acceptance at its face value of the statement of a Los Angeles newspaper to the effect that five hundred girl students at Stanford University spend an average of $812 a year each on their wearing apparel. Mrs. Richardson points out that the number of girl students admitted to Stanford is limited to 500 and that they are a very sensible lot of girls, including many independent lassies who are working their way through. She says that her own daughter, who was graduated from Stanford, spent but $500 a year for her tuition, board, clothing and incidental expenses, and that many girls who have made fine records as students have, as indicated, worked their way through and made a small amount of money go a long ways. One such student mentioned by Mrs. Richardson has the reputation of being the best-dressed girl in her class, but her friends who are in the secret know that most of her gowns are made over, that she fashions them herself for she is a clever needlewoman and that she also makes her hats. Also, she is not too proud to make hats and gowns for more fortunate classmates and thus secure much needed cash.

A direct slur upon Stanford and its students Mrs. Richardson considers the quotation and an altogether false representation of the spirit of the institution and its students.

COLSON-PORTER

WELL KNOWN CONTRACTOR WEDS MISS CARRIE PORTER AT HOME OF THE BRIDE

The wedding of Miss Carrie Porter and George F. Colson was celebrated Saturday evening at 8 o'clock at the pleasant home of the bride, 405 East Harvard, where they will reside. About thirty friends and relatives witnessed the marriage, which was performed by the pastor of the bride, Dr. E. H. Willisford, the ring ceremony being used. It took place in the entrance hall before a fireplace completely hidden by a beautiful floral screen of Cecil Brunner roses and ferns. Ropes of ivy framed the doorways and festooned the walls making a beautiful setting for the important affair. The bride wore an imported gown of white embroidered batiste with orange blossoms in her hair and carried a bouquet of Cecil Brunner roses, delphinium and maiden hair fern. There were no attendants and a victrola gave a beautiful rendition of the Lohengrin Wedding March.

After reciving the congratulations of their friends and after a wedding supper had been served, amid a shower of rice the happy pair left in an auto which had received the customary decoration of old shoes and streamers for a week-end trip, their real wedding journey to the mountains to come a little later in the season. They were the recipients of many useful and beautiful gifts. Just before the ceremony a telegram was handed the bride from her brother and sister-in-law in Chicago, which read:

"Loving thoughts bridge the miles
To join in wedding smiles."

The bride has been a resident of Glendale for about twelve years, and the groom, who is a contractor, for about four years. Guests were: Mr. and Mrs. Edward Y. Porter, brother and sister-in-law of the bride, and their daughters, Frances, Mildred and Sylvia, of Riverside; Mrs. Elizabeth Colson McGregor, of Berkeley, daughter of the groom; Mr. and Mrs. Joseph C. Warner, Mr. and Mrs. Fred Pease, from Whittier; Mr. and Mrs. Chauncey D. Warner, their daughter, Theodora, and sons, Irwin and Stewart, of Riverside; Mrs. Sophia Moore Reynolds, Miss Katherine Hardin, Mr. and Mrs. James E. Bixby and Mrs. Mary E. Spoon of Los Angeles; Rev. and Mrs. E. H. Willisford, Mr. and Mrs. William F. Nash, Mr. and Mrs. Earl C. Turner, Mrs. L. Quackenbush and children, and James H. Current.

SAN DIEGO WON STATE BASEBALL CHAMPIONSHIP

Glendale baseball fans will be interested in learning that the San Diego team, which defeated our High School nine recently, thereby winning the championship of the Interscholastic League of Southern California, won the state championship last Saturday by defeating the Alameda team, Northern California champions, in a very peculiar game, by a score of 5 to 3. The San Diego players made all their runs in the first inning and the Alameda nine their three in the ninth, when one of their players knocked a home run which was the longest hit ever made on the San Diego grounds. The San Diego team won both its championships on the home grounds and some surprise is expressed that both games could be thus located instead of at intermediate points between the contending cities. Did they rely on the Tia Juana hoodoo, which was the undoing of a Long Beach team, also, in recent years?

O. E. S. DRILL TEAM

PAST MATRONS AND PATRONS OF L. A. COUNTY CHAPTERS VISIT GLENDALE

Glen Eyrie Chapter of the Eastern Star was honored Friday evening by a visit from the "drill team" made up of Past Matrons and Patrons of Chapters in and around Los Angeles, who put on the work. It was a most interesting spectacle to members and there was a large attendance. Following the session members and guests adjourned to the hall down stairs where a banquet was served. Mrs. Sallie Braden, Worthy Matron of the Chapter, presided at the guest table. All the tables were beautifully decorated in green and gold, coreopsis, broom and ferns being the floral accessories used in producing the charming effect realized.

PROHIBITION THE LAW

The federal supreme court decision upholding the national prohibition amendment causes no surprise to the average individual. It was unbelievable that after the many years of discussion of the subject and the many legal authorities through whose hands the measure passed in the action of congress and the state legislatures that if there had been anything unconstitutional in the proceedings it would not have been discovered. After a measure stands the tests of sentiment in three-fourths of the legislatures of the country, in addition to that of the federal congress, it can generally be relied upon that it is constitutional. Particularly on a proposition fought from every conceivable technical standpoint as was prohibition. It follows that as long as it remains in the constitution it will have to be enforced. It can be taken out of the constitution only in the manner in which it was put there—by action of congress and the legislatures of three-fourths of the states.

What is thought of prohibition does not enter into the case at this stage. The only thing for consideration is that prohibition is the law and that it must be respected. While there must be no abuses in enforcing it, there also must be no weakness or attempted evasions. There must not be accomplished through unscrupulous officers what could not be obtained on merit, by regular appeal to the courts and argument in the open. The authorities must enforce the law.

TRAGIC RAILROAD ACCIDENT

(Special Service to Glendale Evening News)

CHICAGO, June 14.—One person is known to be dead, seven are reported killed and seven injured as a result of a passenger train telescoping a freight train on the Pere Marquette Line in South Chicago early today. Vacationists from various Michigan resorts were on the train. One coach was completely demolished, others were piled on top of one another and overturned beside the track. The wreckage caught fire and it was feared for a time some of the injured might be burned to death but they were all rescued.

NOMINATION NOT A SURPRISE

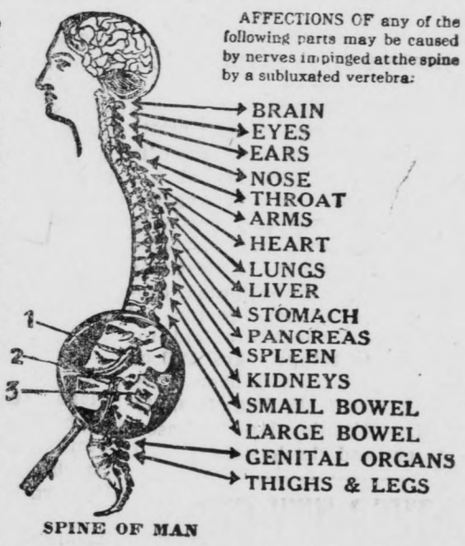
PASADENA, June 14.—The nomination of Senator Harding as Republican presidential candidate, did not surprise his cousin, H. H. Warner of Pasadena.

"For four years Harding has been carefully groomed for the place," Warner said today. He declared that Mrs. Haarding is the "ambitious member of the Harding household."

CHIROPRACTIC

LATEST SCIENTIFIC RESEARCHES SHOW THE TRUE CAUSE OF DISEASE

In his treatise, "The Spine in Health and Disease," Dr. J. F. Macomber says: "For six years, Dr. McConnell, of Chicago, and his colleagues have been experimenting upon animals in order to determine scientifically whether disease will occur in distant organs after verebrae have been slightly displaced. Microscopic examination of specimens taken from the organs of the animals prove this conclusively. Changes in the stomach, kidney, pancreas and practically all the organs in the body was marked. In two animals a goitre was produced.



SPINE OF MAN

This proves that Chiropractic is the science dealing with the cause of disease and how to eliminate it.

Are YOU AWARE that the Chiropractor is the only one who understands these principles and knows how to correct such conditions?

PATIENCE

REV. COLE DISCOURSES ON THIS SUBJECT AT CHRISTIAN CHURCH

The topic chosen by Rev. Clifford A. Cole for the evening sermon at Central Christian Church Sunday was "Patience" and he read from one of Peter's epistles to show that that writer considered it one of the traits marking the true follower of the Christ. The speaker deprecated the mad rush that now dominates the world, particularly our own country, and contended that its effect on the young, particularly those leaving school or college and seeking a life vocation is unsettling and for the worse, as it causes them to change to another and perhaps unfitting vocation when progress in the chosen one seems too slow. "Do not hurry, the world will wait for you if you have anything it needs that is worth waiting for," was his admonition.

The morning worship hour was given up to the yoonger pupils of the Bible School, as it was Children's Day. A pleasing program of songs, recitations and dialogues was given by pupils and teachers of the primary, junior and intermediate departments, which proved very entertaining to the large audience. The offering taken for foreign missions totaled $68.35, which, with the amount already on hand from duplex envelope and birthday offerings, made the net amount $111.08.

Personals

J. H. White has moved from 246 North Louise to 406 West Elk Ave.

Homer Miller went to San Diego yesterday in his auto, responding to an urgent business call.

There were 11 arrests for traffic law violations Saturday and 35 Sunday, most of them for lights out, as usual.

Mrs. C. W. Ingledue had the spotlight stolen from her machine last Friday between 9 and 11 a. m. while it was standing by the M. E. Church, on Wilson avenue.

Miss Muriel Theobald of 312 West Acacia avenue has been ill with a severe cold for several days and is still unable to attend school, which is a severe trial to her as she is a senior this year and hopes to graduate from High School.

W. S. May, who recently sold his home at 227 Howard street to a Mr. Hawell of Orange, will build a 7-room residence for the occupancy of himself and family at 1115 East Chestnut. It is expected to cost $4000.

Clifford Wykoff of 209 South Everett was operated on at Westlake Hospital Saturday for gall stones and though the operation was quite a serious and lengthy one he came through it very successfully and an early recovery is looked for.

Miss Frances Porter and her friend, Miss Ruth Gombers, have leased and will occupy the apartment owned by Miss Porter's aunt, Mrs. George Colson. Miss Porter is employed by the Little Company in Los Angeles. Her parents live in Riverside.

Mrs. E. E. Gossrau of Galveston, Texas, is visiting her sister, Mrs. E. J. Curran, of 371 Ivy street. Mrs. Gossrau expects to spend a month or more in Glendale and while here is looking around for a suitable house as she and Mr. Gossrau hope to eventually make Glendale their home.

J. H. Flower who has built and sold 11 houses in Glendale since August 1, 1919, is now building a garage on the rear of the lot at 229 North Brand. He expects to put up a business building on the lot in the fall if present plans are not changed. His last sale was the house at 1139 East Maple to a Mr. Reuter.

Mr. and Mrs. Arend Last of 127 South Belmont street have sold their new home to Mrs. A. S. Fenton of Glendale, who will take possession of the bungalow within a week. Mr. and Mrs. Last are now building a double garage, for temporary residence, two lots south of the property they just sold.

Mrs. Catharine R. Moore of 505 North Maryland left this morning for her home in Chicago after spending nine months in Glendale. Mrs. Moore says that her experiences have been of so pleasant a nature while in Glendale that she hopes to return with her daughter to spend the coming winter.

The old five-room house that H. Kliebert moved from West Cerritos avenue to his lot at the corner of Glendale and Lomita avenues, has been entirely made over, and given a plastered exterior so that from the street it has the appearance of a brand new house. It is about ready for occupancy.

Mrs. William Ball, daughter-in-law of L. W. Ball, of West Elk Ave., this city, died at her home in Los Angeles Friday morning leaving a husband and children. She was forty years of age and had been in ill health for about a year. Funeral services and interment will take place Tuesday at Inglewood Cemetery.

Nate Deskey, a brother of Salo Deskey, well known in Glendale, arrived Saturday from Denver to make his permanent home in Southern California. Another brother, M. H. Deskey, who has spent the past five winters in this county, has disposed of his property interest in Salt Lake City and will return with his wife in about four weeks to locate permanently in Los Angeles.

W. L. Carrington, who has been connected with the sales service of Bartlett & French, left Saturday for Tampico, Mex., where he has accepted a position with a big oil company. He recently met one of the officials who had come up from Mexico and who made him so tempting an offer that he gave up his position here to try the excitement of life in Mexico. He had been with Bartlett & French for more than a year.

Mrs. A. Galvin, who is here from Portsmouth, Va., as the guest of her son and daughter-in-law, Mr. and Mrs. R. L. Galvin, of this city, is very much delighted with Southern California, particularly Glendale, in fact, as she expresses it, she is "crazy about it." She admits that according to her imaginings this was a place of intolerable heat in the summer season and she is very much astonished to find it otherwise. Every Sunday her host and hostess take her for a long auto ride in some new direction. They say they are going to keep her here until the first of September anyway and perhaps persuade her to remain indefinitely.

THE BLESSED HOPE

SECOND SERMON BY DR. W. E. EDMONDS ON RETURN OF THE REDEEMER

Sabbath morning at the 11 o'clock hour Rev. W. E. Edmonds gave the second sermon in the series on the "Redeemer's Return," it having for its text Titus 2:13, "Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ."

A few brief extracts from the sermon are as follows:

"It is very significant that the title in the text, 'Great God and Our Saviour Jesus Christ' is used for one person, a striking testimony for the deity of Jesus Christ. Oft' times the great central truth is smothered by what surrounds it, so we find that throughout the history of the church one of the foundation stones has been 'that Blessed Hope' which we are looking for in the present day. The thing that the disciples talked most about was not the salvation of the world but the return of the Redeemer. It was this Blessed Hope which held those men and women steady in the early days. This doctrine has been the line of demarcation in the history of the church. Some people say the Bible contains the word of God; others say that the Bible is the word of God. There is a vast deal of difference in which view you take. Paul brings to us in his letter to Corinth, the 13th verse of the 13th chapter, 'Now abideth faith, hope, love, these three; but the greatest of these is love.'

"Most of us have no difficulty with either the first or the last of these, faith and love, but when you come to 'hope' while we use the word every day, yet we find that in general our definition of that word is very vague and uncertain. If you are basing your salvation upon the word hope you are of all men most miserable. You are just as much saved today if you have accepted Jesus Christ as your Saviour, as you will be after you have been in heaven for a thousand years. When the Scripture speaks of 'This Blessed Hope' it refers to Jesus Christ, not to some experience or impression you may have. It refers to a person. Abraham and David had that Blessed Hope. It was continually before the Children of Israel. Looking at it from the negative side, the Blessed Hope is not the conversion of the whole world. That is a splendid desire on the part of men and women, but it will never be accomplished. The gospel will be carried to every nation and tongue, but the whole world will never be converted. Then why should we make such an effort to spread the good news? Do you not see that wherever there is a Christian man or woman, that they cannot be a real Christian and see a need and not endeavor to meet that need. So we strive and we struggle and send our best young men and young women as missionaries.

"The job is so big that we ought to redouble our efforts in saving all we can. Some one asks: 'Is the Gospel a failure?' The Gospel was never intended to save the world, the Gospel was given for a witness. It is eminently successful. Nothing God has ever given us is ever a failure. The day when every man, woman and child shall know the Lord is not intended for this age, it is for the millennial age. We put up the bolts and bars to keep the death angel out, but who ever knew of a bride putting up bolts and bars to keep the bridegroom out. We look with eagerness for that Blessed Hope. When our loved ones go we put them down into the dust. When our blessed Lord comes He takes us out of the dust.

"All through the ages men have been looking for that Blessed Hope. When He comes all unanswered prayers will be answered. It is the difference between sending a gift and bringing a gift. There are three things, Faith, Hope and Love. Hope is the living link that binds the other two together. Men and women who have that Hope are not taking life easy. It is the great spur to evangelism. You can reach one, I can reach another and so we can bring more and more into the joy of that Blessed Hope, that it may not be said that somebody was left out of heaven because you or I never asked him. We desire that Blessed Hope that others may share it with us. The day is dawning, even that Blessed Hope, the Pole Star of every earnest Christian."

P. E. ASKS FARE INCREASE

The Pacific Electric Railway Co. has asked permission of the State Railroad Commission to increase its fares, the city of Los Angeles to be divided into zones, the first having a radius, roughly speaking, of 2½ miles, and a 5-cent fare. Increasing distances would command larger fares. Interurban rates are to be increased substantially, if the petition is granted, Glendale's approximately 5c each way and others in proportion.

Carlsbad expects 35,000 Americans to take the cure this summer. Maybe they don't realize in Carlsbad how few Americans need the cure these days.

HAPPY BIRTHDAY

FORTIETH ANNIVERSARY OF NATIONAL HOME MISSIONARY SOCIETY CELEBRATED

The Woman's Home Missionary Society of the First Methodist Church did not celebrate the fortieth birthday of the national organization on the general date set, but observed it two days later on Thursday. A very nice luncheon of fruit salad, sandwiches, ice cream and cake was served to the members seated around two tables. At one Mrs. C. W. Ingledue, who has served the society as its official head the past year, presided and acted as toastmistress. At the other Mrs. Geiger, the incoming president, took the head of the board. These two tables had been beautifully decorated in the Home Missionary colors the United States over—red, white and blue. At the proper time two handsome birthday cakes, each bearing 20 lighted candles, were brought in by two Queen Esther girls who sang together: "Happy Birthday, Dear Mother, Happy Birthday to You," the flames of the candles being blown out by Mrs. Ingledue and Mrs. Geiger.

There were several speeches, one of which was by Mrs. Ingledue. Mrs. Warner responded to a toast on the beginning of Home Mission work in this country as she remembered it. Mrs. Hoskyn told what has been done in connection with the schools established for southern peoples and Methodist orphanages.

The society is closing a very successful year in which 65 new members have been added. The new officers will take charge next month.

WORKING FOR DEGREE

Professor Alfred Cookman of Glendale, City Supervisor of Agriculture in the Santa Monica schools, will assist Dr. Samuel Rittenhouse in the Marine Biological Station of the University of Southern California at Venice this summer during the regular summer school session. Mr. Cookman will teach Comparative Anatomy and Marine Fauna. At the close of the summer session he will receive the "Master of Science" degree from the University of Southern California. His problem of investigation is in the field of zoology.

EPRESSES APPRECIATION

W. C. Cutler, the inventor, of 1327 North Louise street, who has previously shown his loyalty to the Glendale Evening News in various ways, said he wanted to be the first to express his appreciation of the progressive spirit of the paper in its removal to the new building and did so in a tangible way by paying two years' subscription to the paper, advancing his date to August, 1922.

CHILDREN'S DAY IN WEST GLENDALE

Children's Day was observed in the West Glendale Methodist Church yesterday morning. There was a large congregation, a fine program, impressive baptismal service, inspiring music, a large collection, beautiful decorations. It was pronounced by many the most delightful Children's Day service ever held in the church.

BAROMETRIC VIOLIN

Abram Moses, a violinist of Baltimore, is the possessor of what might be called a barometric violin. Some time after Mr. Moses bought it, he noticed that at certain times it exhaled a strange and subtle fragrance, like an aroma of Oriental incense. Later, he observed that this fragrance was noticeable only when the weather was about to become damp. He obtained the violin in Paris some years ago when he was studying there.

Trust Bryan to get something out of a national political convention. If not a nomination, at least a reporter's salary.

An increase of one per cent in the grocery bill for May doesn't mean very much unless it is associated with the fact that the total increase is over 111 per cent since this time seven years ago.

Advertise it, or advertise for it in the Evening News.

Vacation Funds

Whether you are going on a long journey or a short vacation trip your greatest problem is to provide yourself with sufficient funds without the risk of carrying a considerable sum of money on your person.

American Bankers' Association Travelers' checks are as safe and convenient as a book of unsigned checks and they are accepted in every civilized country in the world.

American Bankers' Association Travelers' checks are the best form for carrying funds no matter where you are going.

PARKS AND UTILITARIAN NEEDS

A bill favorably reported in the house to permit the use of a few thousands of acres in Yellowstone National Park for irrigation purposes again brings before us the question of where to draw the line between esthetic and utilitarian interests. Just because it is common sense that producing a food supply is of more importance to a people than pleasing the eye, the greater the danger that snap judgment may be taken by the country as a whole in favor of utilities in some particular case without thorough examination of the facts, which alone should determine the issue.

When it is recalled that the Yellowstone territory was set aside by act of congress to preserve from destructive molestation "the most wonderful group of natural features and phenomena in the United States," it will be seen that the question of turning over any part of it to business interests is not to be decided lightly. However, common sense must prevail. If it is shown that swamp land can be used to meet irrigation needs without injury to the main purpose of the park it stands to reason that it would be folly not to use it. But it remains that if such use is permitted it ought to be under such restrictions as would make it impossible for the irrigation concerns to go a step beyond what is granted them.

Bring Your Present Suit Here

to be dry cleaned and save the expense of a new one. If you doubt our ability to save you that much why not put us to the test? You cannot lose for we certainly can put the suit in wearable shape, which at present it is not.

NOTICE

Sealed proposals will be received by the Board of Trustees of the City of Glendale, at the office of the City Clerk until 7:30 p. m., of Thursday, July 1, 1920, for furnishing and laying water mains for said City on Grand View Avenue and Tenth Street.

Bids will be received as follows:

1—Furnishing all material and labor for the completion of the contemplated water main extension.
2—Supplying material only.
3—Furnishing labor only.

Bidding blanks and copies of plans and specifications can be obtained upon application from the Engineer of the Public Service Department.

Proposals for furnishing materials shall be for material delivered f. o. b. cars at Los Angeles.

Proposals for furnishing and installing shall include freight and cartage on all material to the point where it is to be used.

Each bid for installing must be accompanied by a certified check for $500.00 as a guarantee that the bidder will enter into a contract with necessary bond in accordance with the terms of the specifications of his bid in the event such bid is accepted.

The Board of Trustees reserves the right to reject any or all bids, or to waive any formality in any bid as the interests of the City may require.

A FOUNDATION FOR EFFICIENCY

The civil service retirement bill just signed by President Wilson, permits long deferred acts of justice to worthy employes of the federal government. More important, however, it enables a reorganization of the clerical forces of departments and bureaus on a basis just to the country. While we may expect to pay a considerable sum for pensions of persons who have given many years to the people's service, there should be more than counter-balancing compensations in the increase of efficiency that it will be possible to obtain.

There is no fiction about the stories from Washington of scores of old men and women who totter to and from their desks in the departments, spending day after day doing practically nothing useful in return for the pay check which they receive periodically. They have been kept on Uncle Sam's payroll simply because it would be the greatest inhumanity to turn them adrift. But now, with pensions provided for that kind, there will be less hardship in relieving the inept through infirmities in age and replacing them with more useful clerks from whom something lke a commensurate amount of work can be requred.

It is indispensable, if the new law is to operate to the benefit of the country, that work be exacted of all on the government payrolls. In the past we have paid overmuch to the civil establishments because the system was fundamentally wrong. The civil service retirement law may not provide means to all the improvement that is essential, but it will make a beginning possible. There should be more contentment among the clerks than has been observable for years, which alone ought to make for greater efficiency based on enhanced individual interest.

CIVIL SERVICE EXAMINATIONS

Civil service examinations will be held in the near future in room 1007 at the Hall of Records, Los Angeles, as follows:

Wednesday, June 30, 8:30 a. m.—For head gardener of Olive View Sanitarium, salary $150 per month; for head gardener, other locations, salary $135 per month first year, $140 second year and $145 third year and thereafter; gardener, salary $105 per month first year, $110 second and $115 third year.

Friday, July 9, 8:30 a. m.—For assistant curator of arts in Museum of History, Science and Art, Los Angeles; salary $130 a month, then $140, and $150 after second year. Candidates should have had at least two years' study in some established art institute.

Monday, July 12, 1:30 p. m.—Drug clerk in county hospital; salary, including full maintenance, $85 per month first year, then $90 and then $100 after second year. Also on same date, 8:30 a. m., for assistant drugist at county hospital; salary, including one meal, $125 per month, then $130 and a further advance to $135 after two years.

Wednesday, July 14, 8:30 a. m.—Technician (assistant in X-ray laboratory, county hospital), salary, including full maintenance, $115 per month to start with, then $120 and then $125 after two years.

Thursday, July 15, 8:30 a. m.—Dentist, county hospital, salary, including one meal, $175 per month, first year, $185 second and $200 after that.

In each of these examinations there is one position to be filled and an eligible list is desired.
